Features and Benefits

WhatsApp privacy settings allow you to restrict who can see your child's messages and location. There are also ways to block delete or report users on the platform.

What specific content can I restrict?

What do I need?

WhatsApp

Step by step guide

²By default, WhatsApp will automatically set privacy settings to allow any WhatsApp user to view read, last seen messages and profile photo and status. If you don't share your last seen information, you won't be able to see other people's last seen information. Change privacy settings by going to settings > Account > Privacy
